Weight Calculation

Method 1 Upon the conclusion of packing and sealing a container, the shipper may weigh, or have arranged that a third party weigh, the packed container.

Method 2 The shipper or, my arrangement of the shipper, a third party may weight all packages and cargo items, including the mass of the pallets, dunnage and other packing and securing material to be packed in the container and add the tare mass of the container to the sum of the single masses of the container's contents.
