Re: King Ocean Services announcing new weekly sailings to Point Lisas, Trinidad

To our esteemed Customers and Agents:

King Ocean Services Ltd. is very pleased to announce that on **Saturday, April 20, 2013** we will have the first sailing of a **new direct service to the port of Point Lisas, Trinidad**. This service will immediately be added to our permanent sailing schedule and going forward we will have weekly sailings out of Miami, Florida to Point Lisas.

We believe the addition of Point Lisas to our ports of call will help us provide better service to the South Florida southbound shipping market to Trinidad. We will be sure to keep our current customer base happy by continuing to call Trinidad's Port of Spain on a weekly basis, as well.

We are confident that the addition of Point Lisas and the uninterrupted service to Port of Spain will place King Ocean at the forefront of providing for all shipping needs to Trinidad. As always, our customers can count on a vast array of equipment to accommodate any type of cargo; we can easily handle dry and/or refrigerated containerized goods, LCL cargo as well as break-bulk. Furthermore, customers can continue to rely on our unrivaled service staff that is willing and able to assist with any shipping needs, not only to our new port of call – Point Lisas – but for all our existing markets as well.
